This microfilm publication reproduces a general index to pension files, 1861-1934. The pension applications to which this index applies relate chiefly to Army, Navy and Marine Corps service performed between 1861 and 1916. Most of the records relate to Civil War service; some relate to earlier service by Civil War veterans; others relate to service in the Spanish-American War, the Philippine Insurrection, the Boxer Rebellion, and the Regular Establishment. There are no records of service in Confederate forces. Confederate pensions were granted by Southern states after the war, and the files are State, not Federal.

Each card in this General Index gives a veteran's name, rank, unit and term of service; names of dependent(s); the filing date; the application number; the certificate number; and the State from which the claim was filed.
